## Re: Summer 2021 Exam Entries

Dear Parent/Guardian

I am writing to provide you with information about the exam entries for Year 11 students this year.

As you are aware, this summer's GCSE and Level 2 exams have been cancelled and alternative arrangements are being made to produce subject grades this summer. Nevertheless, the exam boards have advised schools to continue to make exam entries for students in order that grades can be produced in due course. We have now made these entries, based on the information provided by subject leaders.

An entry statement for each student has been generated and is available to view as a PDF document on FROG under the student view. Please ask your son/daughter to view their entry statement and check:

1. That the personal details at the head of the statement are correct as these will be the details that will appear on their results certificates
2. That the subject entries indicated are correct

If you have any queries or need to discuss any amendments to the entries, until students are back in school on a more "normal" timetable, please contact me at the email address given below.

**NB: We will provide further information about how and when grades will be assessed and awarded when the DfE, Ofqual and the exam boards have issued more guidance to schools in the next few weeks. Whilst we completely understand (and share) your concerns about these issues, please do not contact school at this time to discuss them as, currently, we do not have the information to answer the questions you may have.**

Yours faithfully

Robin Jeffreys
